Horace H. Dav, No. 23 Courtlandt-st., N. Y.—Dear Sir:
I take great pleasure in stating to you, in answer to your inquiry in regard to the India Rubber Hose furnished by you
for the New-Jersey Railroad and Traesportation Company,
that we have found it of the very best description, and to
answer much better purpose than either leather or canvan.
It is not only more durable, but in the end the most economical. We have now rubber hose on some of our leconomitives
that we purchased of you two years ago, which has been in
constant use and is still as good as ever, and I have found
your four-ply to stand pressure of 150 lbs to the square insh.
Yours very respectfully, JAMES McFARLAND,
Superintendent Motive Power for N.J. E. R. Trans. Co.

PENNSYLVANIA RAILROAD LOAN-3,000,000 DOLLARS.—Scaled proposals will be received at the office of the Company, in Philadelpitia, until the 15th day of September act, at sunset, for the whole or any portion of the above named Loan.

The Loan will be secured by a first mortgage on the Ratinoad of the Company-243 miles in length—and its equipment which, when piaced in complete operation between Harrisburgh and Pittaburgh, with single track and sidings, will cost \$12,560,000.

Hartsburgh and Pittsburgh, with single track and sidings, will cost \$12,56,600.

The amount of unconditional subscriptions to the capital stock of the Company on the Sist May was \$9,700,000, which will shortly be increased to Ten Millions. On these subscriptions there was paid at that date \$9,447,895.

This broad basis together with the large receipts of the Company from the business of the road in the unfinished condition, (demenstrating beyond a donet, the shifty of the Company to pay not only interest on its debt, but ample dividends to stockholders,) enables the Directors to offer this loan to capitalists, with an unqualified assurance that it will afford as eafe so investment of their funds, and as certain in the punctuality with which the interest will be met, as the best government securities.

The Bonds will be issued in some of One Thousand Dollars, with interest coupons at the rate of six per cent effected, payable on the first days of January and July, of each year, at the office of the Company, in this city, or in sums of \$200 strings, with inverest coupons, at the rate of five per cent, payable on the Sist of December, 1800, or they may be converted, at the option of the owner, into the capital stock of the Company, at any time previous to the Sist Bocamber, 1800.

Twenty-five per cent. of each accepted bid to be paid within twenty days after the receipt of notice of its acceptance at London, if for Sterling Bonds, and Philaielphia, if for Dollar Bonds; the remainder to be paid in installments every 50 days thereafter, until the whole amount is settled, or the full amount can be paid in at once if desired.

The proposals will be addressed to GEORGE V BACON, Treasurer, Philadelphia, and indorsed "Proposals for Loan." They will specify the price affected for Dollar and Sterling Bonds, or either.

The bids will be opened and determined by the Board of Directors, on the 16th day of September.
